

Hey Tim,

I just wanted to send you a quick update on Patsy. Since bringing her home in May from Bill after a few rides, she has just continued on to get more solid and experience in all kinds of environments.

We started lightly working barrels in July, and she literally took to them as a natural, she loves working the pattern! We have just been slowly increasing patterning and new arenas, finally today decided to do our first time onlys in Corvallis.

Here is one of her workouts with very minimal time on the barrels.

I will keep you updated on our road to futurity hopeful 2018.

Thanks for breeding such an amazing filly, she is exactly what I wanted from an Oakie baby, and excited to see our future!

Melanie Unger
